## through 관련 구동사

**Matt:** Hey, have you **combed through** the video yet?

**Evan:** Not yet. I'm going to be able to **breeze through** it, so I decided to wait and watch it last. This one is a lot harder and the information is harder to **cut through** and understand.

**Matt:** Do you need help? I'm just **clicking through** videos right now. We've already watched them so it's just to make sure we haven't missed anything.

**Evan:** It's okay. I just need to **get through** this part, and I'll be good.

**Matt:** Don't worry about watching everything, just **skim through** for the information we need. We can always **follow through** and watch the whole thing later if we need more.

**Evan:** You're right, there's no point in me **watching through** the whole video when we only need one or two parts.

**Matt:** Did we end up choosing to **carry through** the Arty and Banana's love story? I don't remember. I thought we did, but I can't find the video we were using.

**Evan:** No, we didn't, we went to **follow through** on it and found out that it was the only video on it.

**Matt:** Yeah, Banana talks a lot, you know. She is super talkative. It's hard to watch all the videos. The last thing I want to do is **sit through** Ms. Smith making us **read through** the rules for her class again and watching the whole video again. Why is she so into Banana's love story?

I don't know. I think she is one of the Abamama. She always talks about Banana's live chat video in her class. Most of the class just **muddled through** it the first time and it's quite fun, to be honest.

**Evan:** Okay, back to work.

Evan: Actually, can you help me with this? I can't **work through** what is the truth.

Matt: Of course. Let's **talk through** it and see if we can figure it out.

Evan: In this video, Banana says that in 2016, Arty had a big crush on her and chased after her.

Matt: But then immediately afterwards in the next live video chat, Arty said that it wasn't him who was flirty!

Evan: Right, I can see that they are both in denial.

So, then we'll use this video and **pick through** it for information. It seems to have a lot.

Matt: I guess we didn't really **think through** picking such a hard topic, did we?

Evan: Nope.
